

Senior Software Engineer

PROFESSIONAL SUMMARY

Analytical and performance-driven Senior Software Engineer with 4.5+ years of experience in data analytics, data reconciliation, and automation within the insurance domain. Proficient in Python, SQL, Power BI, and Databricks with hands-on exposure to data modeling, data visualization, and AI/ML fundamentals. Aspiring to transition into Artificial Intelligence, Machine Learning, and Data Science, leveraging strong programming skills, problem-solving ability, and a solid foundation in machine learning algorithms and data preprocessing. Collaborative team player adept in Agile/Scrum environments, with a focus on efficiency, data integrity, and actionable insights. Driven by curiosity to apply AI-driven insights and predictive analytics in building intelligent, scalable, and business-impactful solutions.

TECHNICAL SKILLS

Programming & Databases: Python (Pandas, NumPy, Matplotlib, Seaborn), SQL (Oracle/MySQL), PL/SQL, Databricks, PySpark

Machine Learning & AI: Data Cleaning, Feature Engineering, Machine Learning Algorithms, Deep Learning, Neural Network (Basics), TensorFlow(Basics), Scikit-learn, NLP (Basics)

Data Visualization & Analytics: Power BI, Tableau, Excel, Data Modeling, Data Reconciliation

Tools & Frameworks: Jupyter Notebook, AutoRek Dev Environment, Azure, Majesco Dev Studio, Agile/Scrum, Jira, Azure DevOps

WORK EXPERIENCE

Intellect Consulting Group

(Dec 2025 – Feb 2026)

Senior Software Engineer – Databricks Python Developer

- Modernized legacy SAS-based web applications by converting SAS scripts to Python using ML-based code conversion techniques.
- Developed and executed PySpark workflows in Databricks notebooks for scalable data processing and transformation.
- Remediated and optimized auto-converted code, debugging errors and ensuring performance optimization and functional accuracy.
- Generated structured JSON outputs for seamless integration for Front-End UI teams.
- Contributed in Agile/Scrum sprints, collaborating with cross-functional teams to deliver business-aligned solutions.

Technologies: Databricks, Python, PySpark, SQL, SAS, JSON, Machine Learning

Capgemini Technology Services India Limited

(Aug 2021– Sep 2025)

Software Engineer

Data Reconciliation Project

- Worked on the financial data platform to analyze and process high-volume financial datasets.
- Developed SQL-based data validation and transformation logic to ensure accuracy and consistency in financial reporting.
- Built BI dashboards to visualize financial data trends, operational metrics, and performance insights.
- Implemented automation scripts to streamline data processing workflows and improve reporting efficiency.
- Collaborated with stakeholders to support data-driven decision-making and operational analysis.

Technologies: AutoRek Dev Environment, SQL, Python, Jira, Azure DevOps

Majesco P&C Project

- Designed, tested, and debugged SQL solutions to meet project requirements and client needs.
- Improved query performance by 50% through query optimization techniques.
- Created and managed Power BI dashboards for key stakeholders, delivering real-time insights and improving data-driven decision-making.

- Utilized **DAX** to implement complex calculations and support **advanced analytics**.
- Collaborated with **cross-functional teams** to deploy bug fixes and implement system updates, increasing operational efficiency.
- Conducted **code reviews** to ensure compliance with industry standards and best practices.
- Integrated APIs using **Postman** to support third-party application communication.
- Developed and maintained **technical documentation** for streamlined knowledge sharing.

Technologies: Oracle SQL, PL/SQL, Majesco Dev Studio, Postman API, Power BI, Python, DAX , Azure Dev Ops

ACHIEVEMENTS & AWARDS

- **Diamond Star Award** - for highest learning hours - 2025 by Capgemini.
 - **Certificate of Appreciation** - for outstanding contribution towards in Insurance Practice - 2023 by Capgemini.
-

CERTIFICATIONS

- Microsoft Power BI Data Analyst Professional Certificate
 - Oracle Cloud Infrastructure Generative AI Certified Professional
 - Data Science Professional Certificate
 - Majesco Dev Studio Developer Certification
 - Property & Casualty Insurance L1 Certification
 - Certified SAFe 6 Practitioner
-

EDUCATION

- Master of Engineering in Computer Engineering (9.63 CGPA)
Savitribai Phule Pune University (2021 - 2023)
 - Bachelor of Engineering in Computer Engineering (8.83 CGPA)
Savitribai Phule Pune University (2017 - 2021)
-

PERSONAL DETAILS

Name :	Pooja Kapse
Mobile No. :	9561671157
Email Id :	kapsepooja7@gmail.com
Date of Birth :	07 November , 1999
Gender :	Female
Nationality :	Indian
Marital Status:	Unmarried
Languages known:	English , Hindi , Marathi
Passport No. :	U2025826

DECLARATION

I hereby declare that the above information is true to the best of my knowledge and belief.

Place: Pune

Date:

(Pooja Kapse)
